Amateur Thespians Invited To Join Summer Play Cast

An invitation has been extended to all Torrance residents to try out for parts in the Hampton Players' summer production, "The Two Mrs. Carrrolls," according to Mrs. Claude Ferrel, president of the Players.

Readings will be held Monday evenings, Feb. 16, at 8 p.m. in the El Retiro Park Clubhouse on Vista Del Parque in Hollywood Riviera.

"The Two Mrs. Carrrolls" was first produced with great success in London and more recently on Broadway with Elizabeth Bergner and Victor Jory in the leading roles. The Play Reading committee of the Players group feels that this show will bring the same high quality entertainment that the

group has sought to present in their past performances. Playwright, M. Vale, weaves a shuddery story of attempted murder into a smart, polite world full of charming people and witty talk. The parts to be cast include three males and five females. According to Director, Bob Farnsworth, this chilling suspense-drama offers a real challenge to both players and production crew.

For further information, and scripts for study, call FRontier 5-2371.

Only since World War II has California had two full National Guard divisions — the 40th and 49th.

Parent Education Class Meeting Open to Public

Monday, February 16, there will be a membership meeting for the Parent Education Class, in the Torrance High School Cafeteria from 7 to 10 p.m. The session is open to the public and the operation of the Torrance Cooperative Nursery Laboratory will be discussed, along with plans to increase the enrollment of children of pre-school age.

Mrs. Marjorie Jordan will conduct the educational program followed by a group discussion.

Information about enrollment may be obtained by calling Torrance 2487-M.

Daughter Born To Local Couple

Mr. and Mrs. Delmar Gikerson of 723 Sartori Ave., announce the birth of a daughter, Kathleen Leigh Gikerson, born January 13, at the Fort MacArthur Army Hospital.

The infant's father is now serving in the United States Air Force and is a pilot with the United Nations in India.

When winter weather threatens mountain telephone lines, Jim Carson and his fellow linemen roll out to make sure calls go through.

Jim Carson—Telephone Trouble Shooter

The story of how telephone men see that your calls go through in any weather

"Jim Carson" could be any one of the thousands of telephone trouble shooters on the job in the West. And he's mighty busy when blizzards strike in the mountains. When the electronic testing equipment spots possible trouble on telephone lines, Jim and a telephone crew are dispatched to stop the trouble before it can interrupt service. Often while a storm is still raging, they are on the job—clearing lines—helping to make sure your telephone calls go through quickly, reliably.

Radio telephone keeps Jim and his fellow linemen in touch with their home telephone base. If necessary, they may call upon emergency telephone equipment which is stock-piled at strategic locations up and down the West. After the storm, Jim and his crew may patrol lines for potential trouble spots—leaning poles, broken branches, wires buried in towering snowdrifts. It's constant checking like this that keeps your service dependable. And, of course, keeping your service reliable in any weather is just one more way we make sure your telephone service remains the finest in the world.

When disaster strikes

Flash floods, forest fires, earthquakes—these are disasters which can strike a community. But you can be sure that telephone men and women will be on the job in times of crisis—maintaining telephone service which can have a value beyond price as vital telephone calls go through.
